

Test PDF Document

This is a test document for the PDF RAG chat system.

It contains information about artificial intelligence.

AI is a branch of computer science that aims to create intelligent machines.

Machine learning is a subset of AI that enables computers to learn.

Deep learning uses neural networks with multiple layers.

Natural language processing helps computers understand human language.

Computer vision enables machines to interpret visual information.

Robotics combines AI with mechanical engineering.

The future of AI holds great promise for solving complex problems.
